

Sticklers® Fiber Optic Cleaning Kits

- Available with up to 2300+ cleanings per kit
- Everything you need for fast, reliable fiber optic cleaning
- Options for low & high volume cleaning
- Bright orange kit bag: easy to find, ready to use
- Ships anywhere, without "Hazmat" fees, including by Air
- Sticklers high-brilliance LED inspection flashlight
- Extra pockets for secure storage of tools, inspection scopes, strippers
- Military version available featuring black kit bag

Take the guesswork out of your fiber cleaning with a "go anywhere, clean anything" kit. Contains all the cleaning tools needed to get the job done right. Clean fiber optic connectors, receptacles and bare fiber quickly, reliably and at the lowest cost per clean.

Includes cleaners for fiber prior to splicing, for removing polishing films, or for cleaning virtually any kind of single-mode, multi-mode, high-power or plastic optical fiber connector endface.

Engineered for the professional, kits are available for high-volume new installations and field service repair teams, or low-volume laboratory needs. A factory prepared Sticklers® Fiber Optic Cleaning Kit is the perfect starting point for every fiber cleaning need.
