

QUICK 6102

Features:

- Integrative structure design, easy installation, agile movement, no need to lay any pipelines.
- Large-power brushless DC fan generates large air flow.
- Low noise.
- Tripple-filter design, remove hazardous substances from fume to ensure body safety, Pre-filter and main filter can be replaced separately to make full use of filters and cut down cost.
- Built-in air cycling filtering system, avoid discharging the cool/hot air outside.
- Two-in-one design, both air flow and arms are adjustable.

Specifications:

Static Pressure	2200 Pa
Airflow	320 m ³ /h
System Flow(including filter mechanism)	2×100 m ³ /h
Filtering Efficiency	0.3μm 99.97%
Power	120W
Noise	≤55dB
Voltage	220V AC
Dimensions	470(L)×230(W)×500(H)mm
Qty of Arms	2
Weight	About 15.5kg
